

Date: 23 November 2026

Soojeong Baek,

This letter serves to certify that Soojeong Baek has successfully completed the following professional development course(s) at the 2026 Optical Fiber Communications Conference ("OFC"), 15 - 19 March 2026.

Course ID	Course Title
SC487	Hands-On: Laboratory Automation and Control Using Python (Advanced)

OFC is the premier destination for showcasing breakthrough research and innovation in telecommunications, optical networking, and fiber optics, as well as data center and computing.

OFC is co-sponsored by Optica (formerly OSA), and the Institute of Electrical and Electronics Engineers, Inc. ("IEEE"), acting through its Photonics Society ("Photonics Society") and its Communications Society ("COMSOC"). The three Societies are dedicated to promoting and disseminating knowledge worldwide.
